

2nd Grade Math - At Home Learning

May 2020

Choice Board

Directions: Choose three or more activities from this chart this week and next week. You may choose the same activity more than once, but please don't do the same box more than twice. You may upload the completed activities on Mrs. Conner's Reading Class in the google classroom, handwrite them to be turned in at a later time, or take a picture and email it to troy.dolick@ridgewood.k12.oh.us Use the checklist to help you keep track of what activities you choose.

Parents: There are many ways for you to incorporate math skills into your child's daily lives in a fun way! Also, please continue to practice your child's math facts. Once your child knows one level move on to the next!

Remember, keep it fun and be sure to reach out if we can help!

<p style="text-align: center;">1</p> <p>Practice addition facts. (Different ways to do this: Create flash cards, Use scootpad fact fluency, Math Facts N a Flash on Renaissance.)</p>	<p style="text-align: center;">2</p> <p>Create and play hopscotch using skip counting on the board you create.</p>	<p style="text-align: center;">3</p> <p>Measure the height of family members in inches and estimate how tall they are in feet. Remember: 12 inches equals 1 foot.</p>
<p style="text-align: center;">4</p> <p>Coin recognition: Find a penny, nickel, dime and quarter and write down 3 things that you see on each individual coin.</p>	<p style="text-align: center;">5</p> <p>Construct shapes using play-dough, clay, toothpicks, pipe cleaners, etc. and identify the attributes</p>	<p style="text-align: center;">6</p> <p>Creating rectangular arrays: You can use coins, cheerios, marshmallows, etc. How many rows? How many in each row? This array has 2 rows and 5 in each row.</p> <p style="text-align: center;">xxxxx xxxxx</p>
<p style="text-align: center;">7</p> <p>Continuing to practice adding two 3 digit numbers with regrouping.</p> <p style="text-align: center;"> $\begin{array}{r} 124 \\ +371 \\ \hline \end{array}$ $\begin{array}{r} 363 \\ +219 \\ \hline \end{array}$ $\begin{array}{r} 724 \\ +217 \\ \hline \end{array}$ </p>	<p style="text-align: center;">8</p> <p>Practice subtraction facts. (Different ways to do this: Create flash cards, Use scootpad fact fluency, Math Facts N a Flash on Renaissance.)</p>	<p style="text-align: center;">9</p> <p>Gather household items to create and represent addition and subtraction equations (13 toy cars + 12 toy trucks = how many vehicles?)</p>
