

3rd Grade: Learn-At-Home Choice Board

Week of May 11-15

Directions: Choose 1 reading activity, 1 math activity, 1 writing activity, and 1 science activity to complete during the week of May 11th-15th. Color the box you choose with a light colored crayon so I know which box you did. Once finished with your work, have your parent sign off that you did it. Keep your paperwork all together so we can collect it later. Please have your parents take a picture of your completed work and share on our Facebook page so we can see your awesome creations. We would love for you to complete more than 1 activity within each subject area if time allows. No harm in doing more.

Parents: Please help your child with producing good work. We understand you are helping us be teachers at home. We appreciate you more than you know. Please review the sight word lists that were sent home with your child's last grade card. Review them weekly however you'd like; sidewalk chalk, typing them, reading them, flashcards, etc. Get creative & have fun! Thanks for the continued support. 😊

Reading: Choose 1 →	Read <u>Jalapeno Bagels</u> in your reading textbook starting on page 224. Log in and take an AR test on the story.	Use page 221 you're your reading book, 'What Does a Baker Do?'. Set a timer for 1 minute & see how many words you can read. Do this 4 times and record how many words you read each time.	Read the recipe on page 237 in your reading book. Write out a recipe of your own in step order. Don't forget to include the ingredients.	Parent Initials when finished _____
Math: Choose 1 →	Make a clock out of a paper plate. Practice making times that a parent gives you.	Look at an analog clock 5 different times throughout the day; write the digital time for each time on a piece of paper.	Create a timeline of your typical quarantine day. List your activities and the times you do them in sequential order.	Parent Initials when finished _____
Language Arts Choose 1 →	Write a Sticker Story! Draw and color around your sticker (s) and write a story about it.	Write your own book on anything you want. Remember a title page at the beginning and your illustrations throughout.	Make up a new game. Explain how to play it. Include the steps, rules and equipment needed.	Parent Initials when finished _____
Science: Choose 1 →	Look around your surroundings and locate 3 solids, 3 liquids and 1 gas. List and draw them.	Take a nature walk outside. Collect 5-10 items and put in a bag. Lay them out. List them on a piece of paper. Take a picture of your findings.	Do any experiment you wish. Be creative! Show us! Need ideas? http://www.sciencefun.org/kidszone/experiments/	Parent Initials when finished _____
