Ridgewood Performing Arts

Junior student Julia Grimmatt was featured in the 2020 Adobe Max Conference. The conference featured more than 350 sessions exploring a global celebration of creativity and including celebrities like Conan O'Brian and Chelsea Handler. More than 23,000 people from all over the world were tuned in to watch Julia's feature. Julia is a singer, songwriter, and videographer and has several music videos on YouTube. Each video features a song that she has written, performed (often on multiple instruments), recorded, filmed, and edited herself. Congratulations, Julia!

The drama class students created videos reading children's storybooks to be featured on the Ridgewood Performing Arts social media sites. Students chose a storybook to read, edited photos of the pages, compiled the photos together into a video, directed their videos, were filmed using two cameras, edited two or more shots of themselves into the video, and performed post-production editing and animating as a creative experience in the film-making process. You can watch the videos on the Ridgewood Performing Arts YouTube channel and Facebook page.
